MEMORANDUM FOR: Executive Secretary, Utilization Advisory Board
SUBJECT : List of TALENT Information Necessary for Sanitization

1. In response to your memorandum of 31 January, subject as above, I am listing below a series of installations or substantive problems for which we would like to have the TALENT data removed from the TALENT system. Listed under each installation is a brief description of the substance which we would like to have covered in a sanitized report. Although not listed in order of priority, we recommend those installations listed in Group I receive sanitization treatment prior to those listed in Group II.
